Recruitment of a Summer Intern for SSR activities under DST-SERB sponsored project RP363

This is with reference to a SERB-sponsored project titled “Prediction of task-fMRI activation maps from resting state-fMRI and structural MRI to enhance clinical applicability of fMRI”, under which a summer internship position is available at SECS, IIT Bhubaneswar. The details of the internship are as follows:

1. The intern would be inducted to work from 19th May to 18th June 2025 (tentative as per actual start date) for a period of one month in total.
2. B.Tech (ECE, EE, Biomedical, or other relevant disciplines) would be eligible to apply.
3. Shortlisted candidates based on effective scores (calculated out of class X, XII, and B.Tech marks) would be called for an interview in online mode.
4. The selected candidate will receive an offer letter through email.
5. On successful completion of the internship, the candidate would receive a fellowship of Rs. 10,000.

In view of the above, the interested and eligible candidates can apply for the internship opportunity before 30/04/2025 by writing an email to himanshupadole@iitbbs.ac.in. The shortlisted candidates will be informed of the interview schedule by the first week of May, 2025.

Thanks and Regards,

Dr. Himanshu Padole
